

## Emotional Support / Psychiatric Service Animals

---

Allegiant is pleased to transport emotional support and psychiatric service animals in the aircraft cabin. In an effort to ensure optimum safety for you, your animal, and all of our customers and crewmembers, we require that customers accompanied by an emotional support or psychiatric service animal present three fully completed forms to an Allegiant representative at least one hour prior to scheduled departure at the ticket counter.

### Required Documents:

- **Form 1 – Veterinary Health**  
*Must be fully completed by your veterinarian*

*Must be fully completed by your mental health professional or a medical physician treating you for an emotional or mental disability*
- **Form 3 – Animal Behavior & Responsibility Form**

### Additional Information:

- A customer meeting the above requirements may travel with one (1) emotional support animal or one (1) psychiatric service animal.
- A fully compliant letter from a mental health professional or medical doctor treating a mental or emotional disability will be accepted in lieu of the Allegiant Mental Health Professional Form (Form 2). To be fully compliant the letter must identify the passenger by name and include the same or equivalent information from the mental health professional as required by Form 2 below.
- Allegiant transports domestic dogs, cats and miniature horses, except that pit bull and pit bull-type breeds are prohibited on Allegiant flights.
